

ADMINISTRATIVE ASSISTANT

USER GUIDE

A step-by-step guide for the Clerk application users

This guide explains the everyday tasks performed in the Clerk application. You do not need computer programming or coding knowledge to use Clerk. Follow the numbered steps and refer to the addendum for more detail of steps or definition of terms.

TO BEGIN:

Sign onto the Clerk app with your **User** account.

Use the **Dashboard** navigation menu to choose the function you need.

The Clerk **Dashboard** records you will primarily use are:

- **Bodies** — an organizational group, such as the Residents Council or a committee.
- **Offices** — a position in Bodies such as President or Secretary.
- **Persons** — an individual serving on Residents Council or on committees.
- **Terms** — keeps track of a person's service dates and whether it is a First or Second term
- **Letters**---welcome letters to new residents

Quick Guide: Which Menu Should I Use?

<i>If you need to...</i>	<i>Use...</i>
Add or correct someone's name, email, phone, or apartment	Persons
Assign someone to an office or change service dates	Terms
Show that an office is empty	Terms — use (Vacant)
Create a welcome letter	Letters
Create or update a roster/report	Rosters & Reports
Create an email address list	Mailing Lists
Change the organizational structure	Bodies or Offices
Add, deactivate, or reset a Clerk login	Users
Change your own password	My Profile

A. PERSONS

1. To **ADD** a new individual to Council or committee:

- Go to **Persons** on the **Dashboard**
- Select *Add Person*.
- Enter the individual's personal information: Full name, email, phone (10 digits), apartment number
- Select *Create*.
- The application will not accept duplicate names (same first and last names).

2. To **Correct** an individual's personal information:
 - Open **Persons**
 - Scroll down *Names* to individual's name.
 - Select *Edit* (the pencil icon).
 - Correct the information.
 - Select *Update*
3. To **Delete** an individual from a committee or Council
 - Go to **Terms**
 - Use *Filter* functions to scroll to individual's name, *Body* (committee), and *Office*
 - Go to *Actions* and click on trash can
 - Go to **Persons** to delete the person's name if the individual serves in just one capacity.
 - If the individual serves in more than one capacity, do not delete individual's information in the **Persons** record

B. TERMS

1. To **Add** an individual to an office on Council or committee
 - Open **Terms**
 - Select *Add Term*.
 - Select *Filter by Person/All Persons*. Scroll to person's name.
 - *Filter by Body*. Scroll to appropriate committee. All committee members will be listed.
 - *Filter by Office*. Positions of Council and committee officers will be listed.
 - Select *Person*.
 - Enter the *Start Date* and *End Date*, or select *Ongoing* (no end date) when appropriate.
 - Under *Ordinal* enter the *Term Limit Status*: None, First, or Second.
 - All Council members are limited to two 2-year consecutive terms.
 - Council officers are elected in even years ending December 31.
 - Wing representatives' terms end December 31 in odd numbered years
 - Committee chairs are limited to two 2-year consecutive terms
 - There is no term limit for regular committee members
 - Select **Create**.
2. To **Correct** Dates or Term Status
 - Neither an office holders' term nor office can be changed on the Terms page.
 - Delete the person's name and office and create a new, correct term.
 - Find the current officeholder's term on **Terms**.
 - Create the deleted person's corrected information as a new entry on *Persons*
 - On **Terms**, select Add Term (1, 2, or On-going)
3. To record a **Vacancy**
 - Open **Terms** and delete the departing person's Term.
 - Select *Add Term*.
 - For *Person*, select (**Vacant**).
 - Select the *Office* that is now empty.
 - If term-limited, keep the correct ending date and select the correct First or Second status.
 - Select Create.

4. When the Vacancy Is Filled
 - Delete the (Vacant) Term for that office.
 - Create the new Person on Persons if necessary.
 - Create the new person's Term with the correct office, dates, and term-limit status.

C. WELCOME LETTER

- Marketing will send the Administrative Assistant an email notice of a new resident.
- The new resident information is entered into the **Letters** formatted template and saved.
- The letter can be generated and printed immediately or saved for a later printing.
- Enter the date you expect letter to be signed and placed in resident mailbox.
- Print envelope(s).
- Take the letter(s) to the next monthly Council meeting for the Council President's signature.
- Have the Residents Council President sign it.
- Deliver the signed letter to the resident's mail slot.

D. ROSTERS AND REPORTS

1. Open **Rosters & Reports** to update reports whenever changes have been made.
 - **Short Form Roster** — names and offices without personal contact information.
 - **Long Form Roster** — contains complete member information, including email, phone, and apartment.
 - **Vacancies** — offices represented by a (Vacant) Term.
 - **Expirations** — positions whose terms expire during the current calendar year.
 - **Terms Report** — list of positions with their termination dates.
2. Refresh and View a Report
 - Make all needed *Person* and *Term* changes first.
 - Under *Refresh Reports*, select *Refresh* beside the report you need.
 - Under *Available Reports*, select the PDF.
 - Select *View*.
 - Use the PDF viewer controls if you need to print or save the report.
 - **Important:** Refreshing replaces the previous version with a new one based on the updated data.
 - Send a copy of the refreshed *Short Form Roster* to Bill Ryan to update the MRRA website.

E. EMAIL AND MAILING LISTS

1. Available Lists
 - Committee Chairs
 - Committee Secretaries
 - Hall Reps
 - Residents Council Officers
2. Create and Use a List
 - Correct the relevant Person email addresses and Terms first.
 - Blank email addresses are left out and duplicate addresses are removed.
 - Under *Refresh Mailing Lists*, select *Refresh* beside the list you need.
 - Under *Available Mailing Lists*, select the list and select *View*.
 - Copy the email addresses from the plain-text list.
 - Paste the addresses into your email message.

F. BODIES AND OFFICES

Bodies and **Offices** define Clerk's organizational structure. Only create or change a *Body* or *Office* when the organization itself has changed.

1. Add or Change a **Body**
 - Open *Bodies*.
 - Select *Add Body* to create a new group.
 - Enter the name. A mission is optional.
 - Enter the precedence value used to control the order in reports and pages.
 - Use *Edit* later if an existing *Body* needs correction.
2. Add or Change an **Office**
 - Open *Offices*.
 - Select the *Body* in the left panel.
 - Select *Add Office*.
 - Enter the *Office* title and precedence value.
 - Save the *Office*.
 - Use *Edit* later if the Office needs to be changed.
 - **Do not use this for a new officeholder:** If someone new takes an existing office, add new member in **Term**. Do not create a new Office.

G. USERS

1. Open **Users** and *User Management*.
2. Select *Add User*.
3. Enter *Email*, *Display Name*, *Password*, and *Confirm Password*.
 - Each User must have a unique email address.
 - Creating a User does not create a Person record.
 - A *User* is someone who can sign into Clerk.
 - A *Person* is someone listed in Clerk's organizational records.
 - Creating a *Person* does not give that person a Clerk login.
4. Leave *Active* selected if the person should be able to sign in immediately.
5. Select *Create User*.
6. To Edit or Turn Off a User
 - Find the User and select the pencil icon.
 - Change the Display Name or Active status.
 - Save the change.
7. Clerk does **not** provide a *Delete User* operation.
 - To stop someone's access, clear *Active* and *save*.
 - An inactive User cannot sign in or use protected Clerk functions.
8. Reset Another User's Password
 - On *User Management*, select the key icon beside the User.
 - Enter a new password of at least eight characters.
 - Enter it again to confirm.
 - Select *Reset Password*.
 - Give the new password directly to the affected User.
 - **Important:** Clerk does not create or email a temporary password.
9. Change Your Own Password
 - Open My Profile.
 - Under Change Password, enter your Current Password.
 - Enter your New Password.
 - Enter the new password again in Confirm New Password.
 - Select Change Password.

Common Mistakes to Avoid

- Do not create a User when you only need to add someone to a roster.
- Do not assume that adding a Person assigns an office. You must create a Term.
- Do not edit a Term when the wrong Person or Office is selected. Delete the incorrect Term and create the correct one.
- Do not leave both a (Vacant) Term and a new officeholder Term for the same office.
- Do not invent a different name for the vacancy. Use (Vacant).
- Do not change established Body or Office names casually. Automated features depend on exact names.
- Do not refresh a report or mailing list until the Person and Term information is correct.
- Remember that refreshing a report replaces the previously generated version.
- Use Ongoing (no end date) only when an office assignment genuinely has no known ending date.
- Use First and Second only for term-limited offices. Use None for other offices.

Quick Reference: Exact Names to Use

When entering organizational information, use these established names exactly as shown:

- Residents Council
- President
- Chair
- Secretary
- (Vacant)

These names are used by Clerk's automated features. The system uses the Person and Term information to determine current officeholders.

IMPORTANT

- Delete a Person only when you are certain the record is no longer needed. Correct or remove related Terms first.
- A User does not have to be listed as a Person.
- Changing an officeholder means changing the Person connected to the Office. That requires deleting the old Term and creating the new Term.
- **Use exact titles:** Use the established titles, especially Chair, Secretary, and President. Clerk's reports, mailing lists, and welcome letters depend on these titles.
- **Before deleting:** Check whether any Terms use the Body or Office. Deleting structural items can disrupt rosters, reports, mailing lists, and welcome letters.
